Storage specifications

Drawer capability

The functionality of the metal lateral file drawers varies depending on the number and type of drawers in the file cabinet.

The top drawer on all of the 5-drawer high units is manufactured with a receding door and pul out shelf (even when the file cabinet is specified with fixed fronts).

The top drawer on all of the 6 high units is manufactured with a receding door and fixed shelf, the 5th drawer is the same as the unit above (even when the file cabinet is specified with fixed fronts).

The bottom drawer of all the file cabinets is manufactured with a fixed front (even when the file cabinet is specified with receding doors).

Shelf

The option of the posting shelf applies to file cabinets with 4 to 6 drawers and replaces the reinforced crossbar. Depending on the type of configuration selected, it can be situated at 30", 33" or 36" from the bottom. To replace the reinforced crossbar, add the code RS under "Options". Upcharge of \$127. Certain restrictions will apply, see the product description.

File Bars

The metal lateral file cabinets are delivered with side-to-side lateral file bars for each 12" drawer. This allows for both letter and legal size documents. For front-to-back filing, the bars must be ordered separately (as shown on see p.66).

Lateral file bars (included).

Front-to-back lateral file bars (order separately).

Interlock

Interlock is a blocking mechanism that allows the opening of only a single drawer at a time to prevent the filing unit from tipping over.

Storage specifications (cont'd)

Counterweight

The counterweight option is available on certain products. This counterweight is installed in the factory and reduces the chance of tipping when overloading the upper drawers. To meet with BIFMA standards, please call Artopex Customer Service.

Metal Colors

The metal units are available in all of the finishes on the current Artopex enamel color sample cards. Please note that the Metallic colors are in a different price category than standard colors, as shown in the price list.

Shelves in the overfile cabinets, storage cabinets and bookcases are color-matched with the exterior finish. All accessories are black unless otherwise indicated.

Laminate and Wood Finishes

Laminated or wood tops are available for lateral files, see the Take Off and Essentia price lists. Refer to the current Artopex laminate and wood finishes sample cards.

Non Standard Colors

To order products finished in colors not appearing on the current Artopex enamel sample cards, proceed as follows:

1. Prepare a list with descriptions of the product required.
 2. Add the code "90XX" in the "color" section of the specification line and identify, if necessary, the sections of the unit to be painted in this colour.
 3. Send pre-paid a 4"x6" sample to Artopex Customer Service: **Artopex, 800 Vadnais, Granby, Qc, Canada, J2J 1A7.**
- If possible, indicate the name of the paint supplier and/or a product reference.
4. Add a net amount of \$1,000 per order and per color for a quantity of 1 to 20 metal products or \$1,500 for more than 21 metal products.

Certain colors, including shades of white, may be difficult to match. Artopex will submit a sample as close as possible to the requested color for approval. The delivery date is 4 to 6 weeks from the date the sample is returned, approved and signed by the client.

Express

Artopex offers certain products on a ready-to-ship basis. The  logo in front of the product code will identify them in the price list. Refer to our Express program for more details (colors, delivery dates, etc.).

C.O.M. Orders (cushions)

Clients can order Artopex cushions covered in fabric supplied by the client. The base price of the products are equal to Grade 2, indicated in the second column of the price chart (COM/Gr.2)

C.O.M. orders must be clearly written, indicating the color, the pattern, the size of the fabric and the name of the manufacturer or distributor. Request the appropriate form from Artopex Customer Service.

If requested by Customer Service, a 12"x12" sample must be sent, pre-paid, to Artopex Customer Service for approval: **Artopex, 800 Vadnais, Granby, Qc, Canada, J2J 1A7.**

Once the sample and the order have been approved, Customer Service will provide instructions for the delivery of the fabric to our plants.

When the fabric is supplied by the client, the order delivery date will be confirmed only after the material is received at Artopex. Artopex accepts no responsibility with regard to the quality and durability of fabric that is not part of its regular fabric offering.

Complements

The drawers can be equipped with compressors, different types of dividers, card trays, etc. Order these items separately.

General Information

- Artopex reserves the right to modify the specifications of products, materials, design or accessories without notice. Artopex also reserves the right to discontinue products.
- Products, accessories, materials and finishes as described in the price lists prevail over the content of brochures or flyers.
- The weights and volumes shown in the price lists include packaging and are approximate.

Locks

NOKI Electronic Lock

Master keys for the Noki electronic lock are available in the Accessories price list.

The NOKI lock is offered as an option on most metal storage. It is possible to specify the position of the lock on the lateral files: assign "LT1" for a lock positioned at the top of the cabinet and "LM1" for a lock positioned at mid-height, 36" H.

The Noki lock is compliant with ANSI / BIFMA standards.

Standard Lock

All of the cabinets (except bookcases and overfiles) include a locking system of one to three locks in a chrome finish.

Keyed Alike

The option to key alike is available, without upcharge, on all of the products with standard locks. Keyed alike products must be grouped and identified as such. Assign code **K01** for the parts in the first workstation, **K02** for the parts of the second workstation, and so on. Unless otherwise specified, the locks will be installed in the factory with a lock number associated with code K_ _ .

ATTENTION:
Random lock numbers will be used for each order. Therefore, it is necessary to specify the key number when ordering additional keys.

Noki - positions on the units

The position of the standard lock is indicated in the illustrations in the price list.
The illustrations below show the position of the Noki electronic locks, when the option is selected.

Pedestals

General information

The pedestals are modular 15" wide units and are compatible with the Artopex furniture and systems. They are available in three heights on levelling glides or on double-wheel casters.

All pedestals are supplied with a standard lock. The keyed alike or a Noki electronic lock options are available.

Each pedestal includes a pencil tray in the first 3" or 6" drawer, a divider in each 3" and 6" drawer and 2 suspension bars in all 12" drawers.

Mobile pedestals have an additional caster installed under the bottom drawer for extra stability.

The drawers use full-extension ball bearing slides, allowing complete opening and smooth operation. 3", 6" and 12" H. drawers are available.

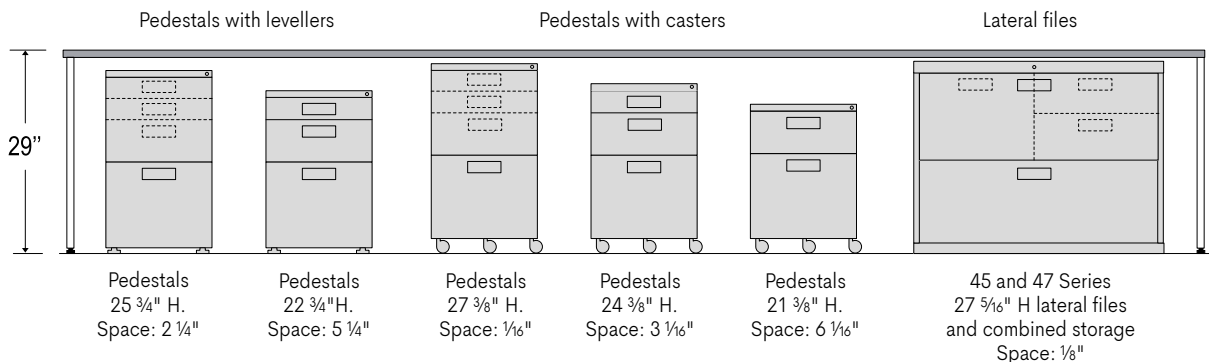

Horizontal clearance under surfaces

The chart (on right) shows the clearance available under the desks and tables of the Take Off series, when a metal storage unit is positioned under the work surface.

Vertical clearance under surfaces

The chart (below) shows the vertical space use when a metal storage unit is placed under a 29" H. surface.

Surface depth with modesty	Metal storage depth		
	18"	22"	28"
18"	Does not fit	Does not fit	Does not fit
21"	 2 1/4" space	Does not fit	Does not fit
24"	 5 1/4" space	 1 1/4" space	Does not fit
30"	 11 1/4" space	 7 1/4" space	 1 1/4" space
30" (5" recessed modesty panel)	 6 3/8" space	 2 3/8" space	Does not fit
36"	 17 1/4" space	 13 1/4" space	 7 1/4" space
36" (11" recessed modesty panel)	 6 3/8" space	 2 3/8" space	Does not fit

Compact mobile pedestals

General information

The pedestals are modular on casters and are 11 13/16" and 15 3/8" wide units. They are compatible with Artopex furniture and systems. They are available in two heights.

All pedestals are supplied with a Noki electronic lock.

Compact mobile pedestals have an additional caster installed under the bottom drawer for extra stability.

The drawers use full-extension ball bearing slides, allowing complete opening and smooth operation. The utility drawer measures 4 11/16" H. and the file drawer measures 11 1/16" H.

Horizontal clearance under surfaces

The chart (on the right) shows the clearance available under desks and tables of the Take Off series, when a metal storage unit is positioned under the work surface.

Vertical clearance under surfaces

The chart (below) shows the vertical space used when a metal storage unit is placed under a 29" H. surface.

Surface depth	Metal storage depth
	20 1/2"
18"	Does not fit
21"	Does not fit
24"	 2 3/4" space
30"	 8 3/4" space
30" (5" recessed modesty panel)	 3 3/4" space
36"	 14 3/4" space
36" (11" recessed modesty panel)	 3 3/4" space

Lateral files

It is possible to customize a file cabinet in the 55 and 57 Series by specifying the number and type of drawer along with the style of cabinet requested. The information below summarizes the different options. Other types outside of the standards can be manufactured depending on the request. Please speak with your representative or Artopex Customer Service for more information on the conditions and the way to order a custom file cabinet.

Types and styles of drawers

There are 4 types of drawers/shelves offered in different height formats and in 3 sizes: 30", 36" and 42". The 3" drawers have 2 dividers and cannot be locked with a key regardless of their position on the cabinet.

Drawer with fixed front

Offered in heights:
 3" (code E)
 6" (code 0)
 9" (code 9)
 12" (code 3)
 15" (code 7)

Drawer with receding door with sliding shelf

Offered in heights:
 12" (code 1)
 15" (code 5)

Drawer with receding door with double sliding shelf

Offered in heights:
 12" (code 4)
 15" (code 5)

Drawer with receding door with fixed shelf

Offered in heights:
 12" (code 2)
 15" (code 6)

ATTENTION:
the 3" drawers are not available in the 57 Series.

Case format

When ordering a custom cabinet, it is important to confirm that the heights of the drawers correspond to the vertical capacity of the case. For the case of the file cabinets, there are 5 heights and 3 widths: 30", 36" and 42".

All of the cases are equipped with levellers, an Interlock mechanism and a standard lock, [see p.15](#).

24" H.

Offered in these widths:
 30", 36" and 42"

36" H.

Offered in these widths:
 30", 36" and 42"

48" H.

Offered in these widths:
 30", 36" and 42"

60" H.

Offered in these widths:
 30", 36" and 42"

72" H.
